RUSSIA SEEKS TO END WAR WITH JAPAN

TERMS OF PEACE HAVE BEEN SUBMITTED TO VICTORIOUS NIPPONITES, INDEMNITY BEING ONLY BONE OF CONTENTION

LONDON, Feb. 22.—The question of peace has not only been formally discussed but the conditions upon which Russia is prepared to make peace have practically been agreed upon as follows:

Korea to be placed under Japanese suzeranity.

Port Arthur and Liao Tung Peninsula to be ceded to Japan.

Vladivostok to be declared a neutral port with open doors.

The Eastern Chinese railroad to be placed under a neutral international administration.

Manchuria as far north as Harbin to be restored as in integral part of the Chinese Empire.

The greatest difficulty lies in settling the question of indemnity. The Japs insist on making Russia pay for the war.

Russia's poverty is urged as an argument against too great a money payment.

REDMOND DEFEATED BY PARLIAMENT

LONDON, Feb. 21.—John Redmond's amendment to his address in reply to a speech from the throne was defeated in the House of Commons tonight by a vote of 286 to 236. The amendment declared that the "political system of government (of Ireland) is oposed to the will of the Irish people."

WEBER'S FATE IS IN HANDS OF JURY

CASE SUBMITTED YESTERDAY AND INDICATIONS ARE THAT TWELVE MEN WILL NOT AGREE UPON A VERDICT

AUBURN, Cal., Feb. 21.—The arguments in the Weber case were finished this afternoon and the case is now in the hands of the jury.

Attorney-General Webb presented the case in a compact and eloquent manner. The defendant sat seemingly unconscious most of the time, smiling some times at the humorous hits made by the Attorney-General and sometimes flushing or turning pale at some home thrust made at him.

This afternoon Attorney Johnson for the defense withdrew the stipulation of this morning that instructions as modified by given to the jury with their erasures.

The jury was given the use of the court room and judge's chambers, under an injunction not to look into the law books.

A sensation occurred when the case was given to the jury this evening. Judge Prewett gave the jury in charge of Sheriff Keena and he appointed Under Sheriff May to take charge. Attorney Tuttle for the defense refused to accept May without giving any reason, saying he would demand an outside officer if the change was not made. Under Sheriff Fulton was appointed in his stead.

LEGISLATURE GOES WILD IN CALIFORNIA

SACRAMENTO, Cal., Feb. 21.—After a two hours' heated debate in which a member of the San Francisco delegation was pitted against the remainder of the House, Assemblyman James Slavin's bill, amending the law relating to the apportionment of school money passed by a vote of 51 to 25. Scenes of wild confusion were enacted during the debate and Speaker Prescot was unable on several occasions to maintain order.

The measure provides $250 to be given to every city and county for each teacher assigned to it on the school census. At present the law provides that the apportionment be made on the basis of the number of school children. The San Francisco member declared that the passage of the bill means a loss of $500,000 to the city's schools.

THE BIGGEST ASS IN CHRISTENDOM

Legislator Who Would Reduce Penalty for Assault so as to Make Punishment a Travesty Upon the Laws of Nevada

A FEW weeks ago, at the request of The Journal, Attorney H. R. Cooke prepared a bill which was designed to provide for the punisment by death of such fiends as Eli Webber, the negro pervert who recently assaulted Mrs. J. E. Harper. That the measure as drawn met with the approval of the citizens of this State is evidenced by the avalanche of signed petitions for its immediate enactment into statutory law which came to The Journal.

So far these petitions have been ignored and the bill pigeon-holed. A bill, supposed to be a substitute, however, has been introduced by the Judiciary Committee of the Senate which, for puerility and inanity, entitles its author to the palm as being the biggest ass in Christendom. The only portion of the bill which is at all applicable to cases similar to that which recently horrified Reno and the entire State, provides that where an assault is committed without apparent motive save the prompting of a maligant heart the person upon conviction shall be sentenced to a term of not less than ONE YEAR, NOR MORE THAN TWO YEARS in the penitentiary.

What a travesty of justice! When such idiots are permitted to make the laws is it at all surprising that the husbands, fathers, sons and brothers of our defenseless women are incited into taking the law 'n their own hands and meting out that justice which statutes make a farce?

THIEVES FOUND IN ZION

SALT LAKE, Utah, Feb. 21.—That the signature of former Governor Heber Wells was forged to orders aggregating $2,100 was brought out today before a legislative committee which is investigating the defect in finances connected with the Utah World's Fair commission. Governor Wells testified that he had accused the secretary of the fair commission, John G. Cannon, with committing forgery, but the latter had answered equivocally denying the charge.

Secretary Cannon has apparently left the city as his whereabouts is at the present time unknown.

It is understood that relatives of Cannon have paid the amount of the forged order to the treasurer of the fair commission.

A REIGN OF TERROR IN RUSSIA

ST. PETERSBURG, Feb. 22.—The railroad strike situation is reported growing steadily worse in the southwest and private advices are said to show the existence of a reign of terror in Tiflis and Caucasus generally.

Fatal Railroad Wreck

LOS ANGELES, Feb. 21.—The first section of northbound Southern Pacific train No. 9 on the Coast Line was wrecked today thirty-five miles north of Santa Barbara. The train crashed into a landslide on a curve and a portion of the train was derailed. One man was killed, several of the train crew seriously hurt and eight or ten of the passengers more or less injured.

The man who was killed was William Lorres of San Francisco.

TAKING OUT DEAD IN ALABAMA MINE

BIRMINGHAM, Ala., Feb. 21.—The scene at the Virginia mine this afternoon was the most gruesome and harrowing that has been witnessed in this section of Alabama.

So far only fifty bodies have been recovered.

The recovery already of so many dead bodies precludes the idea that any living men remain among the unfortunates still in the mine.

One hundred families and 300 children are left destitute.

UNKNOWN MAN VISITS HARPER DOMICILE

FELLOW'S STRANGE ACTIONS ALARM FAMILY, WHO SUMMON SHERIFF FERREL AND MEMBERS OF POLICE DEPARTMENT

The Harper home has again been visited by an unknown man bent upon a mission the officers have yet been unable to fathom. The fellow visited the home Monday afternoon shortly after 4 o'clock. He was directed to the place by the little Barber boy, promising the boy a theatre ticket for the service. The man was nearing the house when he was met by Mrs. Harper's nurse, a Mrs. Riddle. The nurse had started for town, meeting the fellow at the edge of the lot.

"Pardon me, madam," he said as he accosted her. "I am Deputy Sheriff Lamb of Humboldt county and I want to see Mrs. Harper."

After some questioning in which the man said he knew Mrs. Harper the nurse directed him to the housekeeper, Mrs. Brisbane, telling him to knock at the door and avoid talking with Mrs. Harper.

The fellow entered the house and still maintaining that he was a deputy sheriff, stating that Negro Weber was in town, but that the inmates of the house need have no fear for the fellow was safe in jail. Continuing, the strange individual said he was in search of evidence and asked to be

CURBING THE TRUSTS IN STATE OF KANSAS

TOPEKA, Kan., Feb. 21.—The sentiment in favor of making a clean sweep of the corporations in Kansas is growing.

Today a resolution was introduced in the Senate providing for an investigation of the following alleged combines:

Beef, grain, implement, milling and lumber interests. The evidence gained by investigation is to be presented to the Governor and Attorney General for action.

The Standard Oil Company will be closely watched in the meantime.

Virginia Pythians in Session

NORFOLK, Va., Feb. 21.—Norfolk is gay with Pythian emblems in honor of the many delegates and other visitors who are here from all parts of the State in attendance on the annual convention of the Grand Lodge, Knights of Pythias of Virginia.

The gathering was formally opened today with a big parade of the Uniform Rank, followed by the formal opening of the grand lodge sessions. The assembly continues three days and from all indications will be one of the most notable gatherings the order has ever held in this State.

LOVE LEADS TO A DOUBLE CRIME

ITALIAN SPURNED BY A GIRL, TRIES TO KILL HER AND THEN BLOWS OUT HIS MUDDLED BRAINS

LOS ANGELES, Cal., Feb. 21.—Peter Maracaecia, an Italian, aged 30 years of age, this afternoon attempted to kill Laura Williams with whom he was infatuated and failing to do so placed a revolver to his head and blew out his brains.

The shooting occurred in the woman's room over Eden's Cafe near Aliso and Alamada streets.

He fired two shots at the woman which missed and she then ran to the window and leaped to the street below, being severely injured by the fall.

She was picked up and removed to the receiving hospital.

On being questioned she stated that she had recently come here from San Francisco where she had known Maracaecia. She had spurned his attentions there and he had followed her here.

THE FELLOW SERVANTS BILL

ONE of the most important measures in its bearing upon the interests of labor that was ever considered by the Nevada legislature is now pending in that body. This is the Fellow Servants Bill, introduced by Smith, of Humboldt, in the assembly. This is a righteous bill if ever there was one. By its terms every railroad company doing business in the state is made responsible for the incompetence, incapacity, inefficiency or inattention of its employes. If the company through the fault of one employe destroys the life, limb, health or sight of another, it thereby becomes liable in damages for such destruction. If this bill becomes a law and the company, through carelessness or covetousness persists in employing incompetent hands, it must shoulder the responsibility for its acts. It is made to apply to railroad companies only, because railroad employes alone have asked for its passage.

The history of this, or a measure very similar, is not confined, in Nevada, to the session of 1905. Two years ago, under pledge to do so, Senator Hardin, of Humboldt, introduced a Fellow Servants bill. He fulfilled his pledge to this extent, but afterwards adopted the extraordinary and unprecedented course of not only voting, but of speaking and working against his own bill. Notwithstanding this, the legislature understood that the measure was a popular one, demanded by the people of Nevada in general and by the railroad employes in particular, and it would have passed but for the strenuous lobbying of the Southern Pacific agent, with the assistance of the pass privilege and other "arguments" even more potent, and the aid of ather powerful political agencies.

The political result of the defeat of the bill was apparent in the last campaign when the Democratic party, held responsible for the acts of the legislature of 1903, was defeated, particularly in Humboldt county, which had always been regarded as a stronghold of Democracy. Although the railroad employes showed a lack of logic in thereby permitting the election to the United States Senatorship of the very man who had been most instrumental in beating the bill, it must be granted that there were certain contributory agencies in the shape of a generous campaign fund, etc., and certain extenuating circumstances, such as the smallness of the Republican majority, and there is no disputing that the action of the legislature of 1903 was entirely responsible for the fact that there was such a thing as a Republican majority in Humboldt county at all. We can therefore plainly see that the loss of a United States Senatorship was due to the defeat of the Fellow Servants bill.

The bill is before the legislature again, and the Democratic party has a chance to redeem itself. Through its loyal, steadfast representatives in the Assembly, it has done so already. In that Republican body the bill, although introduced by a Republican, has been passed by Democratic votes. Of the fourteen Democrats in the lower house, every member voted for it. Of the twenty-five Republicans but nine voted for the bill, and it only passed by the narrow margin of three votes. And now it is up to the senate to deal with this wise and just measure, and to the Democrats in that body to save the credit of their party by standing for what is essentially a Democratic measure. For the Republican party is the party of privilege, of monopoly, of respect for corporate demands and acquiesence in corporation legislation, but the Democratic party, if it stands for anything, stands for the rights of man, for the man as against the dollar, for the righteous demands of labor and for the conservation of labor's interests.

The provisions of the bill are simple. It merely asks that the legislature of Nevada shall grant to its people the same right as is now enjoyed by the people of Utah, Montana, Colorado and Wyoming. It merely asks that the railroad man, crippled in the service of his company through the negligence or incapacity of another employe, shall have the right to sue for damages in the courts of his own state, instead of having placed upon his slender purse the strain of having to seek redress in another state.

There is the proposition in a nutshell, and any Democrat worthy of the name cannot, in justice to himself and to his party, do other than support the measure.

The Democratic party is the natural friend of the people and, as such, is sure of victory at their hands. In any other guise it merely stultifies itself and can only expect the bitterness of overwhelming defeat—defeat as overwhelming and cataclysmal as overtook it in the campaign still fresh in our minds—the memorable national campaign of 1904.

The Democratic party in Nevada has been the friend of the workingman, and has enjoyed the fruits of that friendship. Let not its senators, nor the allied senators elected through its endorsement and by its votes, depart from that position on an issue so plain of comprehension—so simple and so meritorious as the Fellow Servants bill.

The issue is joined. On one side is the demon of corporate greed, with its outstretched hands offering the usual fleshpots of the pass privilege, freight rebates, and other allurments it has found so potent in the past; on the other hand the railroad employes, backed by the organized labor of the state, by the hands of toil, by the public sentiment of Nevada—by heads that are long to remember and strong to avenge. It is the old battle of privilege vs. principle, of greed vs. need.

Let the people's friends in the senate be strong and steadfast. Let them so vote that they will receive the applause of the multitude, and the approval of their own consciences. Let them so record their suffrages that the haunting ghost of the Fellow Servants bill may never in the years to come, level at them the blighting finger of accusation and condemnation, nor breathe the miasma of sudden death upon their dreams of civic distinction or political preferment.

THE street superintendent or some other authority should see that the house movers who have made a camp on upper Second street get a move on. At present they are making no attempt at taking the unsightly barn off one of the busiest streets in Reno. It would seem that four days would be sufficient time to get the thing to the rubbish heap where it belongs.

THE press dispatches tell of a row in a Chicago gas works where, in the end 12 men were held up and relieved of $800. That is nothing to the row that is now on between the attorneys of Washoe county, and the people are to be held up for several thousand dollars each year in order to satisfy the Washoe County Bar Association.

THE Washoe County Bar Association have combined to either ruin a fellow attorney or make the people pay the expenses of an additional court. It is now up to the present legislature to see that they do neither.

WONDER who the Washoe County Bar Association has slated for that fat job at $4,000 per annum. It is too bad that they cannot work the graft so as to give them all a fat salary.

THE lawyers who are defending Weber expect a hung jury while the prosecution are just as confident of conviction. It looks like a clear case of hang in either event.

THE Washoe County Bar trust is now in full swing and as usual the people will have to foot the bills.

WHO shouted "tariff reform?" One thing sure, it wasn't Teddy Roosevelt.

JURY DISAGREES IN GIBBS CASE

Man Accused of Forgery to Have Another Chance to Prove His Innocence

In the case of the State of Nevada vs. Robert Gibbs, who was tried yesterday afternoon on the charge of forgery, the jury disagreed, after having been out twenty-four hours. The trial occupied nearly the entire day Monday and went to the jury for consideration at about 4 o'clock.

The witnesses for the State were W. H. A. Pike, R. C. Leeper and J. A. Snyder.

The defendant testified in his own behalf, R. C. Stoddard being retained as his counsel.

No agreement was reached by the jury and they were discharged yesterday afternoon. They stood six for acquittal and six for conviction.

The case is set for a re-trial on Friday.

Following is the jury: W. A. Allen, Charles Cooper, R. T. Wilkerson, J. E. Peterson, W. M. Murphy, C. Corris, J. J. McEwen, C. F. Springer, James Hart, B. F. Howard, M. I .wcroft and I. N. Bakeless.

From what can be learned about the case Gibbs went to Sparks with a companion, became intoxicated and drew a check. After much red tape he was arrested, indicted and he has been in jail ever since. He is a well appearing young man and apparently regrets his actions. The evidence against him was not conclusive and a member of the jury who voted for acquittal gave it as his opinion that the defendant is innocent and even if he was guilty, he has been punished enough already. District Attorney Craig, however, feels called upon as a public officer to prosecute the case until a verdict is reached. He is not anxious for conviction, his aim being to have justice done.

MRS. DR. COLE DIES AT VIRGINIA CITY

Yesterday's Virginia City Enterprise announces the sudden death of Mrs. Ella Cole, wife of Dr. A. M. Cole. Deceased was quite well known in Reno. Following is the account taken from the Enterprise:

Mrs. Ella Cole, wife of Dr. A. M. Cole, died about 8 o'clock yesterday of heart disease. Mrs. Cole had been in poor health for several weeks, but no serious results were anticipated. Yesterday morning she said she did not feel quite so well. Dr. Cole stepped out of the room for a moment and on his return found his wife dead. Deceased had resided in this city for many years and was highly esteemed by all whom she met. She was a native of Rock Island, Ill., aged 54 years, and besides her husband leaves a son, Ed. Stotenberg.

ITCH—RINGWORM.

E. T. Lucas, Wingo, Ky., writes April 25th, 1902: "For ten to twelve years I had been afflicted with a malady known as the itch. The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured it completely. 25c, 50c and $1.00 a bottle. Sold by T. R. Cheatham, druggist.

James Bernard Released

James Bernard, who was mixed up in a shooting scrape with a man named O'Halloran at the Wieland saloon last fell was discharged from custody yesterday. District Attorney Craig made a motion to dismiss the case on account of the death of the prosecuting witness and the absence from the State of the other two. Bernard has been in jail since the time of the shooting.

IN INTEREST OF IRRIGATION

New Information on Subject to Be Issued by Chamber of Commerce

Secretary Dockman of the Chamber of Commerce will go to Derby in a few days and secure data from the government office there, in charge of L. H. Taylor, to be used in publishing new and up-to-date information regarding the irrigation projects which are going on at that place. The inquiries received by the Secretary are largely in regard to this matter and as the Chamber of Commerce is at the present time out of this kind of printed folders new ones will be ordered.

In yesterday's statement about the manner in which communications are answered it should have read that all communications are answered by the book "Greater Nevada," or irrigation folder. Other information if desired which is not contained in these are answered by personal letter, whether stamps accompany the request or not.

Since the organization of the Chamber of Commerce in 1902 there has been 21,032 persons registered at the secretary's office in Reno. The visitors, however, have been in much larger number as this will probably not represent more than a third of the actual number who have visited the offices.

Society Will Entertain

The ladies of St. Agnes Society of the Catholic church are preparing to give an entertainment and sale at Harmony hall on the afternoon and evening of March 6th, the proceeds to be devoted to a choir fund. Nearly everything imaginable in the way of useful and dainty articles will be on sale. A fine program will be rendered, the musical part of which will be in charge of Mrs. Dr. O'Rourke, which is a guarantee of its excellence. f223t

BIG STORE SCORES A SUCCESS AT CARSON

As an evidence of the success of the big opening of the Gray, Reid, Wright Company's new store at Carson Monday, the News of that evening says:

Before the doors were open at the Gray, Reid, Wright Company's big store this morning, women were in line waiting for the sale to begin. The result was a crush by the time the sale actually began and the little saleslades were taxed to the utmost limit of endurance and patience. But the managers have secured able and obliging assistants and the sale goes on smoothly.

The store presents a metropolitan appearance that is gratifying to see and the managers ever on the alert to see that everything is conducted upon the right principle. All the goods are clearly marked and there is one price for all purchasers, no distinction being shown to anyone. People who say that Carson is dead and that there is no money in town should go up and take a glance at the crowd and they will change their opinion.

Messrs. Gray, Reid, Wright, deserve every bit of patronage they obtain for they are the most progressive business men that ever entered a town. Their energy will be the means of stirring up the entire community and result in a lasting benefit to the town.

PREPARING TO ISSUE ANOTHER BOOKLET

The Southern Pacific Company is contemplating another and larger issue of their beautiful folder entitled "The New Nevada." It is the intention of the company to have this one made into a neat pocket form which will be convenient for and handy for travelers.

MANY STUDENTS AT T. H. P. O. PARTY

The annual ball given by the T. H. P. O. fraternity of the University of Nevada, took place in the gymnasium last evening. About sixty couple were in attendance when the Blair orchestra composed of nine pieces struck up the grand march.

The affair was strictly invitational and, besides the members of the order, a few people who were fortunate enough to secure a bid, were on hand. Many of the old alumni who are living in various parts of the State, came to attend the dance.

The gymnasium was decorated as never before. White and black bunting were used throughout the building, and the many varied colored lights also aided in making the building a bower of beauty. The famous skeleton which had done duty on many previous occasions, occupied its usual position, and was the cause of much favorable comment. Dancing continued until an early hour in the morning and on departing all who were present last evening admitted that the members of the T. H. P. O. were entertainers of the first rank.

SPARKS DEPARTMENT

PEACE OFFICERS ARE NOT ACTIVE

Usual Number of Offenders Were Not on Hand, and the Mystery Has Been Explained

For some unknown reason there has been only two arrests by the Sparks peace officers in the last five days. They were for petty infractions of the law and netted the officers $19.

This seems quite a decrease in crime since last week when the criminal charges averaged about four every day. The majority of these were harmless characters who had sought a resting place on the Southern Pacific grounds or making their way to the government canal to seek employment.

A prominent business man of Sparks said in an interview yesterday:

"It is my opinion that the officers are becoming alarmed at the stand taken by the citizens and have decided to let the matter rest for a few days until the subject is forgotten. Most of the arrests are made on railroad property by the company's special officer. He is probably afraid of losing his job unless he makes a certain number of arrests and as each arrest nets him a neat sum in Constable's fees he is not averse to picking up any stray knight of the road who comes under his surveillance."

Immense Pressure Useless

When the drivers were removed from engine 3005, it was found that one of the axles was broken. The wheels were put in the hydraulic press and subjected to a pressure of 300 tons in order to remove them from the broken axle. The pressure proved insufficient to accomplish the purpose. As a result the axles will have to be bored out.

MACHINISTS' BALL IS GRAND SUCCESS

The Dance Given Last Night by Sparks Mechanics Proves the Most Successful of the Year

The machinists' ball which was given last night in Robison's hall was the most successful social event of the year. From 9 o'clock until 2 the dancers glided over the floor to the strains of delightful music rendered by Julien's orchestra of Reno.

The ball was an annual affair and no pains had been spared by the promoters to make it the equal of those of previous years. The hall was beautifully and tastefully decorated with flowers and evergreens.

During the evening refreshments were served in the hall by the ladies, there being no intermission to allow for supper.

A large crowd was in attendance, many couple being present from Reno and Wadsworth. After the dance the Reno visitors were taken home free of charge on three street cars which the committee in charge of the dance had chartered for that purpose.

A Social Gathering

Last Saturday evening the home of Mrs. Shaughnessy was the scene of a very pleasant social gathering. Mrs. Shaughnessy entertained a number of her friends. The evening was devoted to music. Mrs. Shaughnessy's beautiful Knabe piano which she received as a Christmas gift from her husband, received high praise from all present, especially from Mrs. Blaisdell the noted Reno pianist. At a late hour refreshments were served after which the guests bade their hostess good night, having spent a very pleasant evening.

Recovering Slowly

C. McLain, who injured one of his fingers while working in the machine shops is recovering from the effects of the wound. His finger was badly mashed and torn some time ago. The wound became infected and has been a source of considerable trouble to Mr. McLain. The wound is now nearly well and he expects to resume his duties soon.

Pay Car Arrives

The Espee pay car, carrying the employe's checks rolled into Sparks yesterday. As a result the railroad boys are all feeling happy. Work was suspended at 4 o'clock to allow the employes to get the checks cashed at the bank. The bank has special hours when the checks arrive, being open all afternoon and part of the evening.

Sent to the Hospital

S. R. Thrasher, employed as machinist's helper in the Southern Pacific shops was sent to the hospital yesterday. He was suffering from a badly infected hand caused by a piece of steel which flew from a piece on which he was working. He neglected to have the wound cared for and as a consequence will be laid up for some time.

MAY NOT HAVE INCORPORATION

Bill for That Purpose Has Not Yet Been Introduced in the Assembly

The bill for the incorporation of the city of Sparks has not yet been introduced in the Assembly by Assemblyman T. J. Jones, Sparks' representative in the lower house. All the minor details of the bill had been finished over a week ago, and it was believed that the measure would be considered by one of the Assembly committees at this writing. Under the ruling of the Assembly all new bills must be presented by February 25th. If the originators of the measure do not get busy during the next few days, the people of Sparks will be compelled to wait two years more before they can hope to enjoy city government.

Rumors were rife around town yesterday that the Southern Pacific Company did not regard the bill as favorably as was at first reported. The truth of these various reports could not be verified yesterday.

The bill bonding the city of Sparks for school purposes has already passed the Assembly, and was introduced in the Senate yesterday. Immediately after it was read it was referred to the Washoe county delegation for further consideration.

NOTED SUIT WON BY NEVADA SHEEP MEN

The noted sheep case in which Sierra county, California, was plaintiff and P. L. Flanigan, James Talbot, A. Frandsen and C. D. Campbell of this city, were defendants, has been decided in favor of the defendants. News of the victory was received here yesterday, the Supreme Court having ruled against the county.

The suit was brought by Sierra county to compel the payment of ten cents per head for sheep and lambs grazing in Sierra county. The sheep owners protested and a suit was brought. The suit has been carried through all the courts, yesterday's decision, it is thought, being final.

Rains Unloosen Boulders

INTERMENT AT SAN FRANCISCO

Remains of Mrs. Marie Lattopia Taken to the Bay City Yesterday

The remains of the late Mrs. Marie Lattopia, who died of tuberculosis at her home on Ralston street Sunday morning, after an illness of several months were conveyed from the undertaking parlors of Perkins & Oliver at noon yesterday and shipped to San Francisco yesterday for interment.

The remains were accompanied by the husband and a brother of deceased and other relatives.

The funeral will be held from the French church on Bush street tomorrow and interment will take place at the Holy Cross cemetery.

UNKNOWN MAN VISITS THE HARPER DOMICILE

(Continued from Page 1).

shown the window through which the negro climbed. Contrary to instructions, the fellow did talk with Mrs. Harper, insisting upon her describing the details of how she was attacked by the negro. He also asked to be shown the woodshed where Mrs. Harper was dragged. One of the women accompanied him to the place. On the way the children started to follow him but he drove them back. In the woodshed he had the woman tell what she knew of the assault, being particularly anxious to examine the ax with which he thought the crime had been committed. He then returned to the house, remaining only a short time. Before he left he stated that he was compelled to go down town but would return at 6 o'clock.

The strange fellow acted polite in a manner, the only evidence of roughness he displayed being that he wore his hat in the house while talking with Mrs. Harper, continually expectorating on the carpet. His queer actions aroused the suspicions of the nurse and housekeeper and excited Mrs. Harper to a great extent. However, it was nearly 10 o'clock before Sheriff Ferrel was summoned. He immediately notified the police department and throughout the night and during all of yesterday, both departments and the newspaper forces worked with a view of capturing the strange man. Thus far their efforts have not been successful. His description does not resemble Sheriff Lamb, who is now in Winnemucca.

Descriptions of the fellow vary. The Barber youngster states that he was a man about five feet, ten inches tall, had light red hair, a small sandy mustache and a slight growth of beard on his face. He was of sandy complexion, had blue eyes and wore a gray sack suit of clothes, grap cap, with a red sweater, having white figures in it.

On the other hand the nurse last evening stated that the fellow wore dark clothes and a green sweater, the other details tallying.

What object the fellow could have in going to the house is the mystery the officers are trying to solve. That they feared he was bent on mischief is attested by the fact that as soon as the alarm was sent in, Sheriff Ferrel stationed Deputy Sheriff Dickey at the house to protect the inmates. The officer remained in the place all night. Last night neighbors stayed with the woman, but no disturbance was noted. Mr. Harper at present is attending to his interests at Loyalton.

Mrs. Harper, though greatly excited after the visit of the fellow, soon quieted down and yesterday morning had about regained her composure. Last evening she had entirely recovered from the shock and now entertains no fear. Both the Sheriff's office, police department and Constable force are making every effort to locate the strange man. In the meantime the Harper home is being carefully guarded.

TO KEEP THE RIVER CLEAN

Senator Roff's Measure Against the Pollution of the Truckee Passes Both Houses

Senator Roff's measure providing for preventing the pollution of the Truckee river has passed both branches of the Legislature and is now in the hands of the Governor. There is no doubt but what it will be approved. The measure in full reads as follows:

An Act to provide means for paying the expenses of the litigation now pending to prevent the pollution of the waters of the Truckee river.

The people of the State of Nevada, represented in Senate and Assembly, do enact as follows:

Section 1. The sum of $3,000 is hereby appropriated out of any moneys not otherwise appropriated in the State Treasury of the State of Nevada, for the purpose of defraying the expenses incurred and to be incurred in the suit of the State of Nevada, plaintiff, v. Floriston Pulp and Paper Company, defendant, now pending in the United States Circuit Court, Ninth Circuit, Northern District of California, brought for the purpose of restraining and preventing the pollution of the waters of Truckee river, and in any court to which the same may be appealed, such expenditure to be paid as other claims against the State are allowed and paid, and the Board of County Commissioners of Washoe county, Nevada, an additional sum of $3,000, for the purpose of defraying the expenses of said litigation, such expenditure on the part of Washoe county to be allowed and paid as other claims against Washoe county are allowed and paid.

Sec. 2. This Act shall take effect from and after its passage.

NEVADA SOLONS IN A HAPPY MOOD

By Associated Press]

CARSON, Nev., Feb. 21.—The measures which met with unfavorable action the previous day found more sanction in the House yesterday. The measure to authorize the State Superintendent of Public Instruction to hire a stenographer and provide for all banks was passed after considerable discussion. This bill is aimed at the National Banks in the State, compelling them to pay a tax on all shares of stock and also upon real estate.

The resolution endorsing the President's action in reference to legislation on freights and fares passed almost unanimously.

Roff's bill to appropriate $3,000 for the prosecution of a suit to check the polution of the Truckee river came up and received the unanimous sanction of the Assembly. Dodge of Washoe, and Williams of Lincoln spoke in its favor.

The measure to provide for the printing of briefs and transcripts on appeals to the Supreme Court was re-considered and passed. The measure received the hearty endorsement of all the newspaper and printing fraternity and many members were present in the lobbies of the House.

The measure to restrict the sale of liquor within five miles of any railroad or canal work was passed. This will put an end to the dives of Derby and like places on the government canal.

A measure liable to bring forth much discussion is the one introduced by Ingalls of Esmeralda by special request to change the county seat from Hawthorne to Goldfield. The Esmeralda people seeing the removal of the Nye county seat are imbued with the moving spirit also. The Legislature adjourned until Thursday.

FATAL COLLISION ON NORTHERN PACIFIC

MISSOULA, MONT., Feb. 21.—Two persons were seriously and several others slightly injured in a train wreck on the Northern Pacific railroad at Plains, Montana, today.

The east bound express train crashed into the rear of a freight train was the cause of the disaster.

Mrs. Midget Gilbert, of Missoula, Montana, who was riding in the caboose of the freight train was seriously injured. Conductor Snyder of the freight train had his right leg broken and received serious internal injuries.

NEW MINING CAMP LOCATED

J. Heggarty Locates Perseverence Claims Near Hawthorne, in the Tonopah District

James Heggarty has arrived in Reno from his claims near Hawthorne in Esmeralda county. He has located the Perseverance claims there and is the first locator in that district. He has in these claims interested with him S. S. Johnson, of Reno.

Mr. Hegarty brought along some samples which were assayed by Arnett & Co. The ore runs as high as $625 in gold from the Perseverance No. 1 and carrying some silver. The assay of the samples from the Perseverance No. 2 reached a value of $418.

Seven and one-half inches of this ore is in sight in a hole about eight feet deep. Several men at first pronounced the ore worthless but the assays show differently.

Hegarty is the only locator in that part of the range, the nearest location being eleven miles distant. The place had been passed up by several miners and prospectors on account of so much iron croppings.

Another feature of the location is the large deposits of sylvanite. Heggarty's impression is that the permanent camp will be at Tonopah and north and northeast of the town. The mineral trend runs through a country of fissure veins from the northeast to the southwest.

While the ores do not show as great value as the surface finds in Goldfield, they show a permanent value. Mr. Heggarty has mined in other hemispheres and that part of the country which he has prospected between Hawthorne and Tonopah he says is the greatest mining country the world has ever known. It will reach and pass Butte and Cripple Creek in no time, Mr. Heggarty will return to Hawthorne this morning.

SHIPPING TONOPAH ORE BY EXPRESS

As an evidence of the richness of the mines of Tonopah, a big shipment of ore went through Reno last evening and was in charge of Wells Fargo. It was consigned to one of the big smelting companies in California. The assay value of the ore has not been given, although it must have been very rich.

The ore was from the Tonopah-Extension, the McNamara and the Midway mines, three of Tonopah's richest properties.

It is understood that the cause for shipping the ore by express is due to the embargo placed upon freight by the railroad companies a few days ago.

WHEELMEN TO REIGN TONIGHT

Everything in Readiness for the Masquerade to Be Given by Popular Organization

What promises to be one of the most successful masquerade balls held in the history of Reno, is announced by the Reno Wheelmen this evening. For weeks the entertainment committee, co-operated with by every numebr of the club, has been engaged in preparing for this event and from indications their hard work is about to be rewarded with success.

The best music obtainable will be furnished, the floor is in good condition, and what is more many maskers will be in attendance.

The prizes are exceptionally good, and well worth trying for. The awarding of prizes will not be left to judges as has been the custom in the past; instead everyone who attends will be given a numbered ticket. From these numbers the prizes, both for spectators and maskers will be awarded. Admission per couple will be $1. Individuals will be admitted for 50 cents each. Get your ticket today.

25 Per-Cent OFF ON ALL OUR Clothing, Gents Furnishings, Hats and Shoes

This is what our ads told you last week, and when we sent it to the printer we had no idea that it would start our big stock moving toward the door like it has. February is really a dull month, we don't expect to do as much business as we do during the busy season, but our big reduction (goods considered) has created such a flurry for us that at times our cozy little store looks as busy as though it were Christmas Eve and we were the only furnishing goods store in Reno.

Bargains Like These Don't Last Long

If they did we would not make much money—the margin is too small—fact is there is no profit in it for us—We give it all to you. Our room is limited, however, and we must sell out one invoice to make room for another, so come in and fix up while it lasts, our loss is your gain, and we're glad to give it to you.

And for a further order and decree awarding to the plaintiff herein the custody of the two minor children of the issue of said marriage.

All of which will more fully appear from the complaint, which is on file in the office of the Clerk of said Court, at Reno, in said county, and to which you are specially referred. And you are notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand and affixed the seal of said court, at Reno, this 20th day of September A. D. 1904.

Beckwith Lumber Man Tells More Facts Regarding Accident to De Turnne

Editor Journal: I notice in one of your late issues of The Journal an item the head lines of which is "Was Hurt in Logging camps." I wish to make a statement of facts in regard to the case. H. DeTurnne came to work in my logging camps December 5th and worked six days. He then cut his foot with an ax. His fellow workmen by subscription raised $120 to pay for medical treatment while in the hospital, and if there was any surplus left it was to be paid to his mother. The money was placed in my hands and I was requested not to give him any of it, as those who knew him claimed it would do him no good.

However, I advanced some of the money to him by his urgent request. He was confined in a hospital at Loyalton where he had the best of care and medical treatment. Four weeks after entering the hospital he was ordered by the attending physician to get out of bed and exercise himself. This he refused to do and prolonged his stay in the hospital four weeks longer. He never notified me that he was going to leave the hospital, nor ever asked me for any money that he did not get prior to the time that the item appear in your paper.

Since then he has written me a letter demanding $120. He also asserts that he was treated with gross neglect by physicians and nurses during his eight weeks sojourn in the hospital. His statements are false and if necessary ample proof will be furnished, also an account of when the $120 is or where it was expended.

If you have the space in your valued paper you will do me quite a favor by publishing my statement.

Yours truly,
W. S. PARKER Jr.

STRONG PLAY WELL ACTED

"In Old Virginia" Presented by Georgia Harper Company Last Evening

A good sized audience attended the performance of "In Old Virginia" at McKissick opera house last night. The play tells the story of the Civil war from 1862 to 1865 and was put on in first class style by this company.

Miss Hooper as Bessie played the part in an excellent manner, showing great versatility and careful study. Mr. Detrick made an excellent Steve Woodruff and all the cast did well with their parts.

Tonight Miss Harper will present "East Lynne," a play well suited to her ability, having starred in drama for a number of seasons. She will no doubt give a strong production of this ever popular play. Miss Harper will wear some Worth gowns which are said to be dreams of loveliness. "Little Lord Fontleroy" will be the matinee bill for Saturday afternoon. New specialties are announced for every performance.

WITH THE LAWMAKERS AT NATIONAL CAPITAL

WASHINGTON, D. C., Feb. 21.—The Senate today passed the military academy appropriation bill and began consideration of the Indian appropriation bill.

Early in the day in response to a question of Mr. Elkins, chairman of the committeeof interstate commerce expressed an opinion that it would be impossible to secure railroad rate legislation during the present session of Congress.

The Senate took up the Isthmian bill and agreed to meet an hour earlier tomorrow in order to advance the bill.

Ex-Senator Higgins finished his preliminary statement in opening the defense of Judge Swayne and one witness for Judge Swayne was examined.

During the day the Senate passed a bill making it a misdemeanor to present false evidence relative to second class mail matter.

WASHINGTON, D. C., Feb. 21.—The House today passed the Philippine tariff bill, practically as it came from the committee and with but little discussion. There was no special opposition to it, although the amendments coming from the Democratic side designed to put certain products on the free list met with defeat.

An effort to prohibit the importation of opium into the islands except for medicinal purposes also failed.

Immediately after the Philippine tariff bill was disposed of the House took up the river and harbor appropriation bill, but it was soon laid aside and several measures passed, the most important of which was the authorization given to the Secretary of War to return to the several States, Union and Confederate battle flags.

FINE BILL AT THE GRAND

The Satellite Trio the Headline Attraction for Week at Popular Theater

Baby Florence would be the whole show under ordinary conditions, but the excellence of the other acts at the Grand this week makes her merely the star performer.

This Bay Florence is an eight-year-old wight, a member of the Satallite trio of Kelly's, whose features are reproduced herewith.

The Grand has other stellar attractions to offer. Boyd and Schwarz do an interesting turn on the home trainers, riding in record time while the cycle experts and fans applaud. They will

THE KELLY TRIO

ride a match race Friday evening with Carter and McKenzie of R. W. C.

The Drews, a clever eastern duo, are down for a taking trick in Dutch comedy, doubling up in negro parts. Earl Flynn sings a couple of up-to-date coon songs.

The moving pictures are the best yet and the illustrated song, "The Village by the Sea," is sung with expression. But with all this galaxy of talent the Kelly's shine out as headlines like the major stars of Orion's belt in a dim nebula.
